OBJECTIVE

Committed and goal-oriented computer science graduate seeking a software engineering career. Possess excellent knowledge in Java, SQL (beginner), and DSA. Quick learner capable of working in a fast-paced, team-driven environment.

EDUCATION

Sri Sai Krupa Degree College, B.Sc (M.P.Cs)

June 2019 - August 2022

D.I.E.T., Bkp – D.El.Ed

October 2015 – September 2017

Sri Sai Krupa Jr. College, Intermediate (M.P.C)

June 2013 – March 2015

B.S.R. Mpl High School, SSC

June 2012 – March 2013

SOFT SKILLS:

- Critical Thinking.
- Time Management.
- Working well under pressure.
- Eager to learn new technologies.
- Problem Solving.
- Analytical Thinking.
- Team Player/ Collaborative Skills.
- Strong written and verbal communication skills
- Attention to Detail

PROJECTS

1. Brick Braker Game

- Developed a Java-based game where the goal is to break bricks without missing the ball using a platform. Implemented Java concepts such as AWT, Swing, JFrame, JPanel, and OOPs principles.
- <https://github.com/SreekanthChinnakotla/BrickBreakerGame2>

2. Sudoku Solver

- Created a Sudoku Solver that solves a 9x9 grid puzzle using Java Swing and Java Awt.
- Ensured that each number 1-9 appears once in each row, column, and 3x3 sub-grid.
- <https://github.com/SreekanthChinnakotla/Sudoku1>

SKILLS

- Core Java
- Object-Oriented Programming (OOP) in Java
- Data Structures and Algorithms (DSA)
- SQL (Beginner)
- Database Management Systems (DBMS)

ACHIEVEMENTS:

- Joined an AccioJob Full-Stack developer course and solved 800+ questions related to DSA.
- Achieved 4 months of Beginner level course in above mentioned course.
- Successfully organized and facilitated a series of 4 T.L.M. workshops during my D.El.Ed., equipping fellow educators with valuable teaching resources and promoting interactive learning experiences.
- Demonstrated strong leadership by successfully leading a team of 100 members during the workshops, fostering collaboration, and ensuring the smooth execution of interactive learning sessions.
